Hi all,

I just wanted to give a quick update on where we are with the new pfas-free containers led by Clarke.

As of this morning:

- we have completed 23 decisions,
- two PC data packages are still pending (one R340 amendment, and one pending product)
- two amendments were submitted in July and will be beaned to PC this week
- waiting on at least 1 more submission from Clarke.

Let me know if you have any questions.

Thanks,  
Jackie
